## Pre-Kindergarten Application Information

We are now accepting applications for the 2017-2018 school year. The program is designed to provide services to children with special needs within an inclusive setting. Age appropriate peers are an important component of the preschool program. Slots will be available for both morning and afternoon sessions. Next year the afternoon and morning sessions will probably be 5 days a week.

The selection of peers is made by program staff and administrators, based upon previously determined criteria. If there are more applications than available slots, a lottery process will be used. Families who feel their child's entrance into school would be enhanced by a preschool experience are encouraged to apply.

Eligible children must be three years of age by August 31, 2017 and cannot turn five before January 1, 2018.

Please return the filled-out application to Center School by saving the filled-out application as a file under a different name and then attaching it to an email. You can send it to Lori Paolini by mailing it to Center School. **Applications are due by May 1, 2017**

You should conduct the screening for your child before May 1, 2017. I will contact you if further screening is indicated.

Applicants will be notified by May 31, 2017 of their status.

Please note: Peer slots for the Center School Preschool are limited. If you want to be assured that your child can attend preschool next year, please enroll them in another preschool or nursery school program in addition to filling out the attached application.

Thank you,

Center School Staff
